

Winter Archery Leagues

TIMES: League times will be from 6:00-8:00pm on each night. See calendar for dates.

- ⇒ Monday 3-D league will start 2 shooters per lane and shooters will rotate through the lanes until they make it through all 20 targets. We will use ASA scoring. Shooters will shoot the target in their lane on a 2 minute time and have 2 minutes to score and retrieve arrows.
- ⇒ Thursday Target League will be shot on the “Vegas” targets with modified scoring. Shooters will shoot 10 ends of 3 arrows from a distance of 20 yards. Scores are on a scale of 10 points and X’s will be counted as a score of 11 making the total score possible 330 points. Shooters may choose a single target or a three target face. Each end will be 2 minutes in length with 2 minutes to score and pull arrows.

HANDICAP FORMAT: Both 3-D and Target Leagues will be shot on a handicap system.

- ⇒ Archers will shoot at least 1 qualifying score to establish their initial handicap. After the initial round, each archer will be allowed an 80% handicap based on the differential from the best of the first 2 scores or the best 2 of 5 scores. Differential = the difference between the actual score and a perfect score. Any archer with an average of 300 or above in target league will be considered “scratch” or 0 handicap. Archers will score each other’s targets before arrows are pulled. Maximum arrow size for either league is a 27 (11mm) diameter. Each league is 8 weeks in length with 3 place winners awarded at the end of the session. Final scores will consist of your 7 best adjusted scores of 8 possible making it possible to miss a night without making it up.
- ⇒ Handicap for Winter League is a carry-over from Fall League. If archer did not participate in previous league, the first night will establish handicap.

HOLIDAYS & MAKEUPS:

- ⇒ Make-ups can be shot on a Saturday afternoon or any other open range day provided there are two shooters present to score each other’s targets.

PRICING:

- ⇒ 3D League is \$30 for registration and prizes and \$20 per night to shoot. You may pre-pay entire 8 week schedule for a discounted price of \$170 if you choose or just register for \$30 and pay nightly.
- ⇒ Target League is \$30 for registration and prizes and \$12 per night to shoot (includes target). You can pre-pay entire 8 week schedule for a discounted price of \$110 if you choose or just register for \$30 and pay nightly.
- ⇒ Each night, BOTH leagues will have an optional side pot. You can opt in on the night of league for \$5 (cash only). Pot will be paid out to the winner of the night (handicap included). Ties will be broken by number of X’s.
