

Student Experience & Training Goals

Complete one form per student. Type into the fields or print and write clearly.

Being new is welcome. This is not a test. Honest answers, including "not sure," help your instructor choose a starting point. Leave anything you prefer to discuss in person blank.

01 About you

Name / preferred name

Preferred contact method and phone or email

Requested course or topic

Date, if known

Group size, if any

If you are under 18, ask us about the selected course requirements before booking.

02 Your previous experience

Have you handled a firearm?

Have you fired a firearm?

When did you last shoot?

Types used: handgun, rifle, shotgun, or unsure

Previous classes: course, approximate date, provider (or "none" / "not sure")

03 Your comfort level

Choose the closest answer. Your instructor will review this with you.

Basic safety and safe storage

Following instructor / range directions

Recognizing the controls on training equipment

Asking for help when unsure

04 Goals and arrangements

What do you most want to learn? What should your instructor know?

Firearm / equipment arrangements

Would you like a private conversation?

Instructor Review & Session Plan

Review with the student. Record observations and agreed next steps.

Student name

Date

Instructor

Course / session and venue

01 Conversation and preparation

- | | |
|---|---|
| ☐ Goals and questions reviewed | ☐ Previous experience clarified |
| ☐ Safety and venue expectations reviewed | ☐ Directions / stopping / asking for help reviewed |
| ☐ Equipment and protection arrangements reviewed | ☐ Comfort, breaks, and requested adjustments discussed |

Questions, equipment needs, or agreed adjustments (no medical history)

02 Instructor observations

Record only what you observe. Student answers do not establish proficiency. "Not observed" is appropriate when a topic has not been assessed.

Understands and follows directions

Asks for help or clarification

Follows the explained safety expectations

Familiarity with equipment under supervision

Brief factual observations and recommended starting point / prerequisites

03 Session outcome and follow-up

Topics covered, questions remaining, and next learning step

Reviewed by

Follow-up date / action, if needed
